## MAHAAVTAR BABAJI GUFA DHYAN YATRA

“Babaji is well aware of the trend of modern times,” Yogananda wrote, “especially of the influence and complexities of Western civilization, and realizes the necessity of spreading the self-liberations of yoga equally in the West and in the East.”

EziiTours brings to you – a great chance to visit the very cave in the Himalayas which is home abode to Mahaavatar Babaji – where he gave diksha to Shri Lahiri Mahasaya.

Babaji can be seen or recognized by others only when he so desires. He is known to have appeared in many slightly different forms to various devotees — sometimes without beard and moustache, and sometimes with them.
